VOL. XXIV, NO. 117 GAINESVILLE, FLORIDA, TUESDAY, JUNE 25, 1907 TEN CENTS A WEEK

TWO CENTS PER MILE IS RATE AFTER JULY 1

All Railroads Will Reduce Passenger Fares, It Is Said.

ABOLISH OLD THREE-CENT RATE

This Has been Decided After a Meeting in Chicago of Presidents of the Leading Western and Trans-Continental Lines.

Chicago, June 24.—The Inter-Ocean says:

Passenger rates on all railroads in the United States will be reduced to 2 cents per mile. The lowering of the price and complete abolition of the old 3 cents will begin on July 1.

This was the decision reached in Chicago Friday, after a long and heated discussion by the leading railroad presidents of all the western and the trans-continental roads. It was not a formal agreement, but is equally binding, for two large roads doing a continental business are said to have served an ultimatum to others that they had been forced to bow to public opinion and anti-railroad legislation. They said that no further fight would be made on the two cent laws already passed, and that the roads would accept the inevitable.

Among those who are said to have attended the secret meeting were President B. L. Winchell, of the Chicago, Rock Island and Pacific, and President A. J. Earling, of the Chicago, Milwaukee and St. Paul. Neither would discuss the report.

BIG SCHEME STARTED.

Fifty Thousand Acres To Be Added to New Orleans' Area.

New York, June 24.—Albert Godchaux, president of the New Orleans Progressive union, an organization of business men, has arrived in this city and tells of plans which he says will result in fifty thousand acres being added to the area of New Orleans in the near future.

Mr. Godchaux says that what is known as West End of New Orleans, formerly an unhealthy swamp, is now being drained and will soon be in a condition as healthful as any part of the city.

"Yellow fever shall be a thing of the past, owing to this land reclaiming scheme," said Mr. Godchaux, when seen at the Waldorf-Astoria.

Mr. Godchaux says that the city proposes to build a sea wall in Ponchartrain lake and fill in the hollow square with sand, thus forming new ground upon which a Panama canal exposition will be held. The wall, which will be of stone, will run out into the lake for half a mile and the width of the space to be filled in will be one mile.

Strike Will Hurt Fruit Dealers.

Chicago, June 24.—President Sager, of the Chicago board of trade, and Secretary Wren, of the Chicago stock exchange, declared Friday night that the San Francisco telegraphers' strike will have little effect upon the board of trade or stock exchange business in Chicago. Fruit dealers asserted that the strike is likely to have a serious effect upon their business. Shipments of perishable fruit, it is declared, will be badly hampered as a result of a lack of telegraphic communication with San Francisco and Oakland.

Bandits Wage War on Towns.

St. Petersburg, June 24.—A special dispatch from Teheran, Persia, says the situation in the northern part of Azerbaijan province is becoming serious. The bandit chief, Martuzi Kohli Khan, assisted by Kurds, is waging war on the populace and destroying villages. Constant fighting is taking place in the city of Maku.

Left $5,000,000 to Pasteur Institute

London, June 24.—The Jewish World says that the will of Danie Iteris, the Jewish banker and philanthropist of Paris, who died some time ago, leaves $5,000,000 to the Pasteur Institute. The estate is valued at $18,000,000.

STATE CLOSES CASE AT BOISE.

Orchard's Testimony Received Some Strong Corroboration.

Boise, Idaho, June 24.—When the state Friday closed its case against William D. Haywood, charged with the murder of Frank Steunenberg, the defense made an unsuccessful attempted to secure from the court an order directing the jury to acquit the prisones.

Judge Wood's ruling, which requires the defense to meet with evidence the case that the state has presented, was made at 5:15 o'clock, and it was then arranged that Haywood's counsel should make their opening statement and present their first testimony on Monday.

When the trial opened Friday, it was stipulated that the record should show that the date of the draft sent by Haywood to Jack Simpkins late in 1905, was December 21, and after that the prosecution proceeded to show by a handwriting expert that George Pettibone, using the name of "J. Wolff" and "P. Bono," made two remittances of money to Harry Orchard at San Francisco, through the Pacific Postal Telegraph company in the fall of 1904. The state next called Jim Seahorn, a negro horse trader, who swore that he sold a horse and buggy to Orchard in Denver in 1905, and identified Haywood as one of the men who rode with Orchard. After that the defense admitted that in June, 1903, Haywood sent $75 to Steve Adams at Ogden, and when the necessary showing had been made on the record, the prosecution formally rested.

The motion for an instruction to the jury to acquit was by agreement presented at the afternoon session, and the jury was sent back to the jury house, out of hearing of the argument.

Attorney E. F. Richardson made the principal argument in support of the motion in a long, carefully prepared and eloquent address.

Clarence Darrow, who closed, pleaded that there was not a shred of evidence in the case capable of standing without "the rotten thread of Orchard's story" to sustain it, and that the plain provision of the Idaho statute made the duty of the court clear. He ridiculed the idea that it would not make out a case against the prisoner worthy of submission to the jury.

FUNSTON STIRS UP ANGER.

Is Loath to Parade Soldiers on July Fourth Celebration.

San Francisco, June 24.—In reply to an invitation requesting the participation of the United States troops in the Fourth of July parade, General Frederick Funston sent a communication that has caused much discussion among the members of the committee having in charge the coming celebration.

While the members refuse to give out the letter for publication at this time, it is stated that one sentence used is responsible for the discussion. It appears that after thanking the committee for the kind invitation extended to the troops, General Funston said he was loath to parade his men in the streets of San Francisco "to be, as he is quoted, "sneered at and jeered at by an unwhipped mob."

After considerable discussion, it was decided to appoint a special committee to consider the matter and decide whether any reply shall be made. Supervisor O'Neill was appointed chairman, and the Rev. Philip O'Ryan and Samuel Adelstein as the other members.

Exports of Gold.

New York, June 24.—Further engagements of gold for export to Europe, which, since the present movement began has reached nearly $20,000,000 were made Saturday. The Russo-Chinese bank, which announced an engagement of $1,100,000 for London Friday, engaged $650,000 additional Saturday. This gold also will be shipped to the London market, and it is expected, as in th ecase of that engaged Friday, the Russo-Chinese bank will receive interest on the gold while in transit.

Isador Wormser Dies In New York.

New York, June 24.—Isidor Wormser, the banker, died Friday night. He was 77 years old.

MEMORIAL STATUE TO BAYARD IS UNVEILED

First American Ambassador to Court of St. James.

WAS NO MILITARY PAGEANT.

Bayard Was Secretary of State in President Cleveland's First Cabinet. Large Crowds Witness Exercises at Wilmington, Del.

Wilmington, Del., June 24—In the presence of the largest crowd that ever assembled at a public function in Delaware, a memorial statue to Thos. F. Bayard, secretary of state in President Cleveland's first cabinet, former United States senator and the first American ambassador to the court of St. James, was unveiled here Saturday afternoon with exercises of simple character.

There was no military pageant and the ceremonies were confined to addresses, prayer and singing of hymns. The absence of former President Cleveland, who is ill at his home in Princeton, caused many expressions of regret, but his address was read by John Bass Moore, professor of international law at Columbia university. Other participants in the ceremony were Judge George Gray, of the United States circuit court, and the Rt. Rev. Leighton Coleman, D.D., bishop of the Protestant Episcopal diocese of Delaware.

The memorial occupies a commanding position at the entrance to Rockford park. The location overlooks the city of Wilmington, where Mr. Bayard was born and where he lived during all his life.

EPISCOPALIANS WANT $1,000,000.

Will Visit Richmond to Commemorate 300 Years of Christianity.

New York, June 24.—At the coming general convention of the Episcopal church, which will be held in Richmond, Va., in October, one of the features of the convention will be the presentation of a men's thanks offering in commemoration of three hundred years of English Christianity in America. At all general conventions up to this time much importance has been attached to the offering made by the women of the church which is called the united offering. This fall the men for the first time will make a similar offering. While it is expected by those who have charge of the offering that it will amount to a million dollars, no one at present can make any forecast.

All of the missionary bishops of the church, both foreign and democratic, who are able to leave their fields will attend this convention. According to information received by the editor of the Spirit of Missions, there will be ten of these bishops in Rchmond.

TURTLE WEIGHED 1,902 POUNDS.

Fishermen Capture Monster with Inscription on Its Back.

San Diego, Calif., June 24.—One of the puzzles of the sea came to the surface Friday when a gigantic sea turtle was captured by Julius Solessa, a fisherman.

The monster turtle weighs 1,902 pounds, and its shell is five feet, two inches from tip to tip. On its back is burned or carved this inscription:

"British ship Sea Briene, Aug. 12, 1881, 3 south, 86 west. If found, please notify Thomas Fletcher, Brawley Road, Irvington, England."

It would appear from this fact that the turtle was captured twenty-six years ago in the South Pacific and that he was released after the lettering had been burned in its shell.

Underground Railway Opened.

London, June 24.—The last link of the late Charles T. Yerkes tube system of underground railroad was opened Saturday. The new line which connects the northern suburbs with the heart of London is 8 miles long. It cost $35,000,000. A party of financiers and officials attended the opening ceremonies, which was followed by an elaborate luncheon.

NEGRO PAYS DEATH PENALTY.

John Mitchell Hanged at Marietta for Killing Another Negro.

Marietta, Ga., June 24.—Friday John Mitchell, a negro, was hanged in this city. He killed Nash Johnson, also a negro.

Just before his death Mitchell called for Dennis Dallas, his partner, who was convicted as principal in the second degree and sentenced to prison for life. Mitchell gave Davis his Bible and breakfast and told him to lead a better life.

On the scaffold Mitchell called for Lulu Holmes, another negro, who is charged with murder, and told her to pray and be good.

After this Deputy Sheriff Dewberry pulled the trigger and the negro's neck was broken almost instantly.

John Mitchell killed Nash Johnson at a frolic at Johnson's house on May 1. Johnson ordered Mitchell out of his house. Mitchell, with an oath, drew his pistol and killed Johnson instantly.

Mitchell ran away and was captured at the home of a relative in Atlanta. Judge Gober called a special term of court to try him.

STOPPED BY INSANITY PLEA.

William Rogers Was Not Hanged at Savannah Friday.

Savannah, Ga., June 24.—William Rogers, slayer of his wife, who was to be hanged in Chatham county jail Friday, is still alive. He will not be hanged now until it is decided whether he is insane or not. Judge H. D. D. Twiggs, attorney for Rogers, sought out Judge Paul E. Seabrook, judge of the Atlantic circuit, and also judge of the criminal branch of the superior court of Chatham county, and presented to him an extraordinary motion for a new trial in behalf of his client. This acted as a means of stopping the execution. It is expected that it will be determined in a short time now whether Rogers is really to be hanged.

Rogers seems very indifferent to his fate. He has made no preparation for death. There were no preparations made for hanging him at the jail Friday, as the officials were aware of the plan to be made to save his life.

Bitten By Supposed Mad Dog.

Waycross, Ga., June 24.—On the night of last Tuesday, as Mr. Henry C. Smith was on his way from his boarding house in Albany to his engine to take his run to Waycross, he was attacked by a strange dog and severely bitten on his right arm, at the elbow. It is supposed the dog was mad, as he seems to have attacked several different persons, but so far as learned, Mr. Smith was the only one who was bitten. Mr. Smith accompanied by Mrs. Smith, left Waycross for Atlanta by way of the Dixie Flyer, for treatment.

Was Besieged In Postoffice.

Savannah, Ga., June 24.—Fred C. Cox, an employee in this city of the Central railroad, Thursday afternoon at Meldrim, shot Edward Barnwell, a negro, four times with a winchester, killing him. Barnwell had had an altercation with F. M. Cox, postmaster at Meldrim and father of F. C. Cox. The elder Cox shot him with bird shot. The negro besieged the elder Cox in the postoffice. Cox telephoned his son, who came out on the first train and opened fire on the negro.

"Gift of Tongues" Religious Camp Is Attacked at Alliance.

Alliance, O., June 24.—A crowd of professional and business men and students from this city, numbering about thirty, attacked the "Gift of Tongues" religious camp just outside of the city late Friday night and bescattered the more than three hundred worshipers with acid.

The camp is run by Rev. Levi Lupton. The attackers were armed with squirt guns loaded with diluted sulphuric acid. When the crowd reached the camp Rev. Mr. Lupton and many of the more devout of the worshipers were kneeling at the "mourners' bench" and at a signal the acid was thrown all over the mourners. Rev. M. Lupton was so badly burned that it was necessary to call a doctor. No arrests have been made.

FOUND HANGING DEAD IN WOODS

Not Known Whether Man Was Murdered or Committed Suicide.

Macon, Ga., June 24.—Author Dukes, a collector for the Wood Furniture company, of this city, was found dead in the woods near Ocmulgee park Friday evening.

The body was dangling from a small limb, where he had either hanged himself or parties bent on foul play had committed the deed.

Every possible investigaion that could be made has not yet revealed whether it was suicide, and it is believed the man was murdered.

Dukes was a young man, and engaged at his duties whenmissed. People going to Ocmulgee park discovered the body. Life had been extinct several hours, and the act, whether his own or that of some one else, was committed in broad daylight.

WOMEN PRISONERS WORKING STREETS

Female Offenders Could Not Pay Fines, and Were Put to Work.

ARE WELL-KNOWN CHARACTERS

Faces Are as Familiar Upon the Square as the Old Town Clock, and Both Were Pulled for Disorderly Conduct—Were Given Thirty Days.

It is a strange spectacle to see women working on the streets as prisoners, but that was a scene upon the streets of Gainesville Monday, and will continue every day for the next month unless through some source the prisoners can secure the funds to pay their way to liberty.

The names of these two women are Mary Williams and Mattie Goss, two well-known female characters, whose faces are as familiar on the streets, especially on Saturday nights, as the face on the clock in the court house tower.

Mary Williams was arrested Thursday night upon a charge of disorderly conduct and fighting. She was arraigned in Mayor's court Friday morning and was sentenced to pay a fine of $10 and costs or spend thirty days in jail. She took the latter from necessity.

Mattie Goss, it is said, is a great friend and companion of Mary. Hearing of Mary's misfortune, she proceeded to the neighborhood where the trouble occurred and proceeded to "cuss out" the whole community, when she was arrested, and on Saturday morning shared the same fate—$10 and costs or thirty days.

Both women were put to work on the streets, and will be compelled to serve their time if some of their friends do not come to their rescue.

The pair is being closely guarded by Marshal Arnow, who declares that he proposes to "get his money's worth."

The women will spend their leisure hours in the city jail, during which time they will partake of the city's hospitable bill of fare.

BLACK, ITCHING SPOTS ON FACE

Physicians Called it Eczema in Worst Form—Treated Disease for a Year but Could Not Cure It—Patient Became Despondent—Suffering Promptly Allayed and

DREADFUL DISEASE CURED BY CUTICURA

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of ———. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago. The Cuticura Remedies not only cured me of that dreadful disease, eczema, but of other complicated troubles as well, and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that Cuticura Resolvent is the best blood medicine that the world has ever known. Mrs. Lizzie E. Sledge, 540 Jones Ave., Selma, Ala., Oct. 28, 1905."

SLIGHT-TOMPKIES NUPTIALS.

Wedding of a Former Gainesville Girl in Miami Wednesday.

The following account of the wedding of Miss Harriet Elizabeth, the youngest daughter of Mrs. R. S. Flannagan of Miami, formerly Mrs. Lillian Sligh of this city, will be read with interest:

"On Wednesday evening, at the Fort Dallas Hotel, W. H. Tompkies and Miss Harriet Elizabeth Sligh were united in marriage, the Rev. L. D. Lowe, pastor of the Methodist Episcopal church, officiating.

"The wedding was a quiet, home affair, on account of a recent bereavement in the family. Originally the plans were laid for a brilliant church wedding at an earlier date. Only the immediate family and a few friends were present.

"The wedding took place in the front parlor of the hotel. The decorations were elaborate and appropriate, being of cut flowers, potted plants, etc. Miss Yarborough, a gifted musician and a close friend of the bride, presided at the piano, and as the happy couple entered the parlor, Miss Yarborough, in her own inimitable way, played Mendelssohn's Wedding March. The bride and groom entered the spacious parlor unattended, taking their place, the beautiful and impressive Methodist marriage ceremony was read by Dr. Lowe, who pronounced them 'man and wife.' Immediately at the close of the ceremony, the relatives present gathered about the happy pair, showering upon them congratulations. Soon the doors leading to the dining-room were thrown open and the party were invited to partake of a sumptuous repast, furnished in honor of Mr. and Mrs. Tompkies. The decorations of the dining-room were in keeping with the floral display in the parlors and hall.

"Later scores of friends of the bride and groom called at the hotel and showers of congratulation and good wishes were bestowed upon them.

"The bride's wedding gown was of white radium silk, with train and trimmings of real alce, orange blossoms held her veil in place and she carried a beautiful bouquet of bride's roses and asparagus ferns, while Mr. Tompkies was dressed in a conventional afternoon suit.

"Mrs. Tompkies is the youngest daughter of Mr. and Mrs. R. S. Flannagan, and for several years has been among the most popular young ladies of the city, and her friends are numbered only by the limit of her acquaintance. Mrs. Tompkies is a graduate of the St. Augustine convent and in the Ancient City she has admirers by the score, also in Jacksonville, where she has spent more or less time visiting her sister, Mrs. St. Clair-Abrams. Mr. Tompkies was for several years connected with the Bank of Bay Biscayne, where he held a position of trust and honor. This place he resigned a few months since to become cashier of the Planters' Security Bank, Jensen.

"Mr. and Mrs. Tompkies left on the evening train for Jensen, where they will make their permanent home.

"Mrs. St. Clair-Abrams of Jacksonville and Mrs. George Newcomb of West Palm Beach, sisters of the bride, were present at the wedding."

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. FATAL ENDING AT A PICNIC FEAST

Willard Ellis Shot Woman and Left Her in Middle of Road.

RETURNED TO THE GROUNDS

When Information of Murder Was Received He Went With Crowd to Scene, Was Arrested, and Placed in Jail—Held in Court Without Bail.

Another tragedy occurred near Raleigh Saturday, which was the second within two weeks, the first having been the killing of Dunlap Phinney by the Lowmans.

This tragedy is equally as exciting, notwithstanding that the contracting parties were negroes. As a result a negro woman, the name of whom could not be learned, has met her death, and Willard Ellis is held in the Levy county jail without bond to answer to the cnarge.

There was a picnic at a colored church near Raleigh Saturday, which Willard Ellis attended. It is said that the negro was under the influence of liquor, and was very boisterous. He was accompanied by his sister, Mary Ellis, and they invited this negro woman to take a ride with them in a spring wagon which they were driving.

The woman accepted, and the trio drove away. When about a half a mile from the church the woman received a bullet between the eyes, falling from the wagon and expiring instantly. The ball was a 32-calibre, and the first shot had effect.

The murdered woman was left in the road, the sister of Ellis hurriedly left the wagon and ran to her home, about two miles distant, and Ellis returned to the picnic grounds at the church.

When the crowd was informed of the murder Ellis, with the others, went to the scene. He was accused of committing the murder, but denied the act. He was perfectly cool until Deputy Sheriff Alford approached the scene, when he made all possible haste in retreating, but was captured, placed under arrest with his sister, who in the meantime had returned to the scene, and both were placed in jail at Williston. They were given a preliminary hearing Monday afternoon before Justice Harris, and after hearing the evidence in the case Ellis was held without bail to await the action of the grand jury. His sister, Mary Ellis, Rogers Miller, Early Miller and Gates Roundtree, State witnesses, were released upon their own recognizance.

The residents, both races, are very indignant over this apparently cold-blooded murder, and it may be that violence to the murderer will be resorted to.

AN INTERESTING MARRIAGE.

Judge Mason Performed Striking Ceremony Monday Morning.

"Is dis de place whar yer gets yer papers to be married?" came a husky voice from the door of County Judge Mason's office Monday morning, and as the genial Judge looked up and discovered an aged colored man at the door, he replied:

"Dis sho' am de place. What can I do for you?"

"Jedge, heah am my lubbed 'ne an' we wants to tie dat knot what dun bin' us togedder till deff," was the prompt reply.

"An' dat ain't no lie," joined in the prospective bride.

The pair entered—and it was a pair which those present will never forget. The old man had with him a son about nineteen, or thereabout, whom he had brought to witness the ceremony, while the prospective bride was accompanied by "one of her own."

"All right, come in and get ready," remarked the Judge.

While the genial Judge was making out the license preparatory to making the bride swear that she could do the washing and cook the meals for the whole push the balance of her life, and if necessary get out on the farm and pull fodder and pick cotton in the meantime, the pair stood with anxious expectations.

Everything being ready, the officiating officer commanded them to join hands, and the ceremony, in presence of witnesses, was solemnized.

At the conclusion the Judge gave the usual command, "Salute the bride."

"De Lawd, Mr. Judge, I knew dis niggah man, an' if I had a toof in mer head I'd bite him," was the response of the bride.

"Well, being as you have no teeth I will excuse the salute," replied Judge Mason, as he folded up the license and collected two dollars for the fee.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

SULPHUR BRINGS HEALTH.

Purifies the Blood and Clears Up the Complexion.

Everybody needs to take sulphur at this season. Nothing like it to purify the blood, clear up the complexion and remove "that tired feeling." But the only way to take it is in liquid form. Hancock's Liquid Sulphur taken internally is the best Spring tonic. Applied externally Hancock's Liquid Sulphur quickly cures Eczema, Tetter, and all Skin Diseases. Hancock's, the only Liquid Sulphur Ointment, removes Pimples, Blackheads and Sores, and gives a beautiful soft, velvety skin. Your druggist sells it. It cured Edward D. Herring of Frederick, Md., of a bad case of Eczema, and he writes: "My face is as smooth as an infant's."

SEWERAGE SYSTEM NEARLY COMPLETE

It Will be One of the Most Modern and Up-to-Date in South.

A LASTING IMPROVEMENT

Contractor Beeman Was Considerably Delayed in Its Completion, Caused by Tardiness of Railroads and Inability to Secure Labor.

The sewerage system of Gainesville, which will be one of the most modern in the South, will soon be completed, which will add another lasting and beneficial improvement to the city.

Contractor Beeman has experienced considerable trouble and delay in the construction of this system, which has been occasioned by delay in receiving freights, trouble in retaining labor, and other causes, but he has worked with a will, with the result that, notwithstanding all these obstacles he will finish up in good time.

"There is one thing sure," remarked Contractor Beeman, "while we have been necessarily delayed on account of the failure of the railroads to deliver material, and we have experienced a great deal of trouble in holding labor on this account, as we could not afford to pay men for days to lay in idleness waiting upon this material, I can say conscientiously that when this system is completed it will be a system of which no city the size of Gainesville, or even larger, can be ashamed. I have exercised extra care in the construction of this system, because I had plenty of time, and I feel confident that there is not a more perfect system in the South or anywhere else, considering the specifications and capacity."

There are in all about twelve miles of sewer pipe, terminating in an antiseptic marsh at the southern limit of the city.

The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher.

A GOOD RESULT.

Under the operation of the new Pure Food Laws, baking powders now generally bear on the labels a statement of the ingredients. This is of utmost importance because of the harmful ingredients used in many cases.

Royal Baking Powder is known to be the only baking powder made of Royal Grape Cream of Tartar, and this no doubt explains its greatly increased sale here.

Careful housekeepers are taking advantage of the protection which the laws afford, and are examining all the reading matter on the back of the label before adopting any brand for use in the home.

When in place of the words Cream of Tartar the words "alum" "aluminum" or "phosphate of lime" appear among the ingredients, they heed the warning and avoid baking powders containing these substitutes.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

Far Reaching Decision.

El Paso, Tex., June 24.—That Mexican drawn work is lace and subject to 60 per cent duty, and not a woven fabric dutiable at 35 per cent, is the decision rendered Friday by United States District Judge Maxey. While the case involves only $20, the decision is far reaching in that all drawn work imported under the woven fabric classification must pay the difference.

Your Hair At Home?

Or has your crop run away with it? Better look out for what's left of it, and keep it at home on your head, not in the comb. Ayer's Hair Vigor will act as "keeper." If you have a particle of doubt about using this splendid preparation, let your doctor decide for you.

MISS KATE A. HEARN

The kidneys are essential organs for keeping the body free from impurities. If they should fail to work death would ensue in very short time.

Notwithstanding the fact that the farmers and truckers of this section have suffered for rain for virtually nine months, only a shower or two of only such fall as to lay the dust, having visited us during all this period, the crops have been fairly good, with a yield sufficient to keep the balance on the right side. The yield from the farms in this vicinity has been remarkable, considering the condition of the weather, and our tillers of the soil are very grateful.

The good Christians of Palatka and vicinity evidently do not take much stock that the doors of hades are open to those who dance. The last issue of The Times-Herald of that city announces that there is to be a festival and dance at the Wyles school house, near Palatka, on the evening of Tuesday, June 25, the proceeds to be devoted to the expenses of the union Sunday school. That's about the hottest proposition The Sun has come across recently.

W. H. Leahy, for many years connected with the Atlantic Coast Line, and one of the most popular and successful transportation men in the South, has been appointed general passenger agent of the Atlanta, Birmingham and Atlantic railroad, with headquarters in Atlanta, Ga., and assumed his duties on the 15th inst. Mr. Leahy's numerous friends throughout Florida extend congratulations, and feel sure that he will make the "Bee Line" a faithful and efficient representative.

The Times-Union, which is an authority on fish, as well as some other subjects, says: "The European carp is now the most widely distributed American fish. Perhaps the Government is yet to learn that the stranger is not worth his keep, takes the place of his betters, is a voracious destroyer of spawn and in every respect an undesirable immigrant. The money spent on him is not merely wasted—he is positively harmful and furnishes neither good food nor good sport. Our Florida mudfish is his congener, and our alligator garfish furnishes better and more toothsome food. Put out the carp and take our catfish as preferable."

The Southern Argus, published by Hon. A. M. C. Russell, superintendent of public instruction of Hernando county, and ex-president of the Florida Educational Association, has the following to say of Florida's superintendent of public instruction: "Hon. W. M. Holloway, State superintendent of public instruction, visited Brooksville Saturday last on official business. He made a most favorable impression on our people in the admirable way he transacted the business he had in hand. His courteous, affable, and polite manner, dignified bearing and equanimity of temper under the most trying circumstances as well as his clear judgment and courage of decision admirably fit him for the high and responsible position he holds. As has been well stated by another, he has lost no friends and made many since he became State superintendent of public instruction. We hope he will come again and stay longer, when our schools are in session, so that he can see in operation the best system of schools in the State."

A BLIND SENATOR.

The Democrats of Oklahoma, where a nomination is equivalent to an election, have by a direct primary selected as one of the United States Senators to represent Oklahoma, Thomas P. Gore of Lawton, who is totally blind.

This is the first time in the history of the United States that a blind man has ever been sent to the Senate, as Mr. Gore will be when statehood is accomplished under the present proposed constitution. Mr. Gore is a man of remarkable qualities. He has been in politics all his life, beginning as a page in the Mississippi Senate when he was but 11 years old. It was during that time that he lost his eyesight by an accident with an arrow gun. Three years previously he had lost his left eye, a playmate in a moment of passion striking him with a stone.

Beginning as a page at 11, nominated for the legislature at 19, Populist elector at large in Mississippi three years later, selected as Congressional standard bearer in Texas in 1900, while he was in North Dakota speaking for the national ticket—such is the political history of Thomas Pryor Gore.

Mr. Gore is but 36 years of age. He lives at Lawton, has a wife and four children, and is a lawyer by profession.

His memory is a wonder. When his father prepared to send him to a blind school, he refused to go, saying that schools for the blind did not furnish him the books and opportunity he desired. So he went to the public schools and college, getting through by reason of his acute memory.

THE COTTON PLANT.

The following tribute to the cotton plant was written by the late Henry W. Grady:

What a royal plant it is! The world waits in attendance on its growth. The shower that falls whispering on its leaves is heard around the earth. The sun that shines upon it is tempered by the prayers of all people. The frost that chills it and the dew that descends from the stars are noted, and the trespass of a little worm on its green leaf is more to England than the advice of the Russian army on her Asian outposts. It is gold from the instant it puts forth its tiny shoot. Its fibre is current in every bank; and when loosing its fleece to the sun, it floats a sunny banner that glorifies the field of the humble farmer. That man is marshaled under a flag that will compel the allegiance of the world and wring a subsidy from every nation on earth. It is the heritage that God gave to this people forever as their own, when He arched our skies, established our mountains, girt about us the ocean, loosed the breezes, tempered the sunshine, and measured the rain. Ours and our children's forever, as princely a talent as ever came from His hand to mortal stewardship."

S. A. Fackler, one of the most widely known newspaper men in the State, has purchased the plant of the Bainbridge, Ga., Daily Tribune, and has assumed charge as editor and proprietor of that paper. Mr. Fackler as a writer has a style peculiarly his own, but with a tenor which his readers appreciate. It goes without saying that should the people of Bainbridge and Decatur county give him the proper support, he will issue a paper which would be a credit to any community. Our hat off to you, Brother Fackler.

A manly apology is always noble. It can never be degrading.

Italian Barber Kills One Man and Then Wounds a Woman.

Denver, Colo., June 24.—In a shooting affray that occurred in a chair car of passenger train No. 5, west bound, on the Chicago, Rock Island and Pacific railroad late Friday night between Dresden and Selden, in western Kansas, a man whose name is believed to be Crompton, was killed and Mrs. Morris Olsen, of Marshall, Minn., and her sister, were wounded.

The work on the thirty-mile extension will commence at once and be pushed to completion as soon as possible.

Pastors to Testify in Court.

Chattanooga, Tenn., June 24.—The investigation of the Sheriff Shipp case of alleged contempt of the United States supreme court has been postponed until Monday. At the first session all the white clergymen of Chattanooga will be called to testify as to Shipp's character and as to a meeting of the Chattanooga pastors' association on the morning of March 19, 1906, the day on which Ed Johnson was lynched, which lynching forms the basis of the contempt charge, Johnson being a federal prisoner.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

MANY IMPROVEMENTS.

Coniderable Industrial Activity Is Reported in Georgia and Alabama.

Baltimore, June 22—There is hardly a state in the south without its signs of activity in the construction of good roads, in plans for drainage, in building improved schoolhouses and county and muncipal structures of various kinds.

Many communities are deep in paving, sewerage, waterworks, lighting and other improvements.

In the state of Alabama Brundige is negotiating for the construction of waterworks for which $12,000 are available and its lighting plant, costing $17,000, will soon be ready for operation; Athens is to build an addition to its electric light plant, doubling its present capacity; Florala has authorized a bond issue of $30,000 for waterworks, sewerage system and a school building, and Montgomery is open to bids for the paving of certain sidewalks.

In preference to issuing $300,000 of bonds to establish a municipal electric light plant, Atlanta, Ga., has granted a five-year franchise to a company to supply electric lights. At Waycross, in the same state, a franchise has been granted, subject to an election, for the establishment of a plant to furnish electricity for lighting, heating and power. Covington, Ga., is contemplating the construction of waterworks at a cost of $50,000.

The bodies were found in the house by neighbors the next morning. The wife's body was on the back porch, and a wounded child was lying across the body of a 5-year-old son who was killed. It is said that Barton's alleged relations with another woman caused unhappiness in his home and the tragedy resulted.

S.S.S. PURELY VEGETABLE

S. S. S. is recognized everywhere not only as the best of all blood purifiers and the greatest of all tonics, but the one medicine that can be taken with absolute safety by everyone. Young or old, those in robust health, or those whose systems are delicate and run-down, may use it with the same good results, and equally without fear of any unpleasant or injurious after effects. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic Dyspepsia, unfavorably affecting the bowels, and so deranging the system otherwise, that even if the original disease had been removed from the system it is left in such a weakened and deranged condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral ingredient of some kind. It is made entirely of the healing, cleansing extracts and juices of roots, herbs and barks gathered directly from the forests and fields of nature, under our own supervision, and when they reach our laboratory contain all their original valuable tonic and blood purifying properties. We offer a reward of $1,000 for proof that S. S. S. contains a particle of mineral in any form. Being made entirely from these vegetable ingredients S. S. S. is absolutely harmless to the system, and while curing disease adds health and strength to every part of the body. S. S. S. cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all other blood troubles by removing the cause and supplying the circulation with health-giving and strength-producing qualities.

STRIKE OF TELEGRAPHERS.

Officials and Chief Operators Working the Keys at 'Frisco.

San Francisco, June 24.—The situation here in connection with the strike of telegraphers is quiet.

In all, about two hundred men are out, on a conservative estimate, and the service is now maintained in the offices of both companies by officials, including chief operators and wire chiefs, together with one of two men and women who have remained at work.

As to whether the strike shall be ordered to extend to other cities remains to be determined. The Postal and Western Union officials insist they will hold no conferences with the officials of the union. If they remain obdurate, the telegraphers in other cities may be called out, thus tying up all the commercial telegraph business of the west.

President Hill Will Catch Fish.

New oYrk, June 24.—James J. Hill, chairman of the Great Northern railway, with a party of five or six friends, have started for Canada for the annual fishing trip which Mr. Hill has taken every year for a long time. Among Mr. Hill's guests this year are George F. Baker, president of the First National bank; Samuel Thorne and George Clark. Mr. Hill, after reaching the St. Lawrence, will board his yacht and fish for salmon on the coast of Labrador.

Montgomery, Ala., June 24.—President Pro Tem Thomas, of the senate, who is here, said that the legislature would have to elect Bankhead to the senate to keep faith in any sort of way with the people. He intimated that any move to defeat the wishes of the primary would be met with disaster to the man who leads it. Captain Bankhead is here, and expresses confidence in his election by an overwhelming majority.
